Examiner's Reasons for Allowance

Drawings

1. The drawings are objected to because the first figure in the application should be designated by a legend such as --Figure 1--. Formal drawings, including this legend, are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Response to Amendment

2. Applicant's amendment to claim 18 obviates the prior 112-second paragraph rejection of claim 18. Applicant's amendment of claim 10, specifically rewriting previously cited allowable subject matter into the independent claim obviates the prior art rejection and will be discussed further below.

Allowable Subject Matter

3. Claims 10-13, 15, and 18 are allowed. Claim 10 has been rewritten to include the previously objected to subject matter of claims 14, 16, and 17. After updating the previous search, no additional prior art was discovered teaching to a counter for counting a bus clock signal, nor selection of input/output drivers during the claimed clock cycles, when taken in conjunction with the remaining limitations of claim 10. As such, claim 10 is allowed. As claims 11-13, 15, and 18 further limit allowed claim 10, they too are allowed.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Matthew C. Dooley whose telephone number is (703) 306-5538. The examiner can normally be reached on M-F 8:30-5:00.
